CybSafe is a British cyber security and data analytics company. We provide human cyber risk management solutions through an intelligent SaaS platform.

Our solutions focus on security Awareness, Behaviour & Culture, which help you make better decisions about human cyber risk and resilience.

Plus, it makes your risk management activities more efficient, giving you back time to focus on other aspects of your job.

CybSafe is used by governments, public and private sector organisations. It goes beyond only training people about cyber security. Alongside training, it gives technology users security support & advice when they need it. It also gives security and IT teams the tools they need to influence and reduce human cyber risk.

CybSafe is designed and developed by a diverse team. Our team includes former UK Government cyber security specialists, psychologists and other dedicated professionals. All are passionate about making the world a better place by helping people to be safe online.

Notes:

1. All prices are in GBP and are exclusive of VAT
