Pricing for Teradata IntelliCloud

IntelliCloud (Teradata Database) Pricing

		Effective Monthly Price/Instance					
		Monthly		1-Year Commit		3-Year Commit	
Infrastructure	Instance Type	Advanced	Enterprise	Advanced	Enterprise	Advanced	Enterprise
IntelliFlex	4+1 system	-	$288,187	-	$183,427	-	$131,047
	Flexing	-	$20,797	-	-	-	-
Appliance	1 node	$16,226	-	$10,327	-	$7,375	-
AWS	m4.4xlarge	-	$6,625	-	$4,217	-	$3,013
	m4.10xlarge	-	$15,627	-	$9,947	-	$7,106
	d2.xlarge	-	$1,426	-	$908	-	$648
	d2.8xlarge	-	$12,419	-	$7,904	-	$5,647

IntelliCloud on IntelliFlex requires a system minimum of 4+1 (shown); flexing is +1 node up to 2x+1.
IntelliCloud on Appliance requires a minimum of two instances; additional increments of +1.
IntelliCloud on AWS is in US West region; minimum of two instances; additional increments of +1.
IntelliCloud on AWS: m4.4xlarge has 5TB EBS RAW storage; m4.10xlarge has 20TB EBS RAW storage.
IntelliCloud on AWS: d2.xlarge has 6TB local RAW storage; d2.8xlarge has 48TB local RAW storage.

IntelliCloud (Aster Analytics) Pricing

		One-Time Node Reservation Fee			Effective Monthly Price/Node		
	Nodes	Monthly	1-Year Commit	3-Year Commit	Monthly	1-Year Commit	3-Year Commit
Aster Analytics	Queen	-	$7,500	$10,000	$2,750	$1,850	$1,300
	Worker	-	$20,000	$24,000	$16,500	$9,600	$6,900

IntelliCloud (Aster Analytics) is currently available from Teradata data centers in the US only.
IntelliCloud (Aster Analytics) requires a minimum of two Queens and two Workers.

IntelliCloud (Hadoop) Pricing

		Effective Monthly Price/Node		
	Nodes	Monthly	1-Year Commit	3-Year Commit
Cloudera CDH	<=18 nodes	-	$4,340	$3,100
	>18 nodes	-	$2,940	$2,200
Hortonworks HDP	<=18 nodes	-	$3,690	$2,640
	>18 nodes	-	$2,520	$1,800

IntelliCloud (Hadoop) is currently available from Teradata data centers in the US only.
IntelliCloud (Hadoop) requires a minimum of 8 nodes: 3 Master, 2 Edge, and 3 Data.

IntelliCloud (Ecosystem Applications) Pricing

		Effective Monthly Price/Node		
	Nodes	Monthly	1-Year Commit	3-Year Commit
AppCenter	-	$5,049	$4,365	$4,137
QueryGrid (TD)	<=12 nodes	$728	$560	$504
	>12 nodes	$182	$140	$126

AppCenter and QueryGrid are both currently available from AWS US West region only.
QueryGrid requires that both the source and target system be licensed.

How is Teradata IntelliCloud Priced?

Teradata IntelliCloud is priced to be simple, flexible and transparent.

One, all-inclusive simple price for Teradata Database, Aster Analytics, or Hadoop software, platform, storage, daily operations, and monitoring.

You can choose a monthly subscription (for most options) for maximum flexibility – or commit to a 1-year or 3-year subscription to lock in a lower rate for a lov effective monthly charge.

No hidden fees for bandwidth, queries, storage, or support. Whether you use it 1% or 100%, Teradata IntelliCloud pricing is flat rate per month and thus extren predicable for budgeting purposes.
