Pricing

The service is available as a fully deployed capability. Provided below is an example price for a deployment scenario inclusive of solution design, delivery, installation, commissioning, service initiation and the associated SLA.

The pricing provided herein is in Pounds sterling, exclusive of VAT.

Charges are as follows:

Ultra High Capacity Backhaul
Price / Instance / Month
935

The term of the agreement is 24 Months.

Pricing for Larger/smaller solutions can be provided upon request.

The pricing is subject to our standard terms and conditions of sale which are available upon request.

The service and the associated support will be delivered on the UK Mainland.

Customer invoicing will be on a monthly in advance basis (the customer must include the applicable invoice that the payment applies to). Payments to be made within 30 days of date and issue of invoice.

The customer can only terminate prior to the end of the term by payment of the full charges to the end of the term.
