Applications

We have so many ways to help you easily manage and measure staff compliance, saving you time, and giving you complete visibility of your entire organisation at a glance.

Course Booking System

The course booking system allows users to book themselves on face-to-face training courses.

IMPACT Recording System

Designed for any range of standards and used for personal development recording. Compliance management made simple.

Performance Management

Save time administering performance reviews and engage users in coaching & feedback, by giving managers a tool for effective performance

Scorecard

Provides an instant real-time picture for line managers to see staff progress on mandatory and role specific training. For individuals, teams and services.

Video Streaming

Online video management system which provides hosting, fast cloud-based encoding and adaptive streaming.

Scorecard

Transforming and simplifing the process for measuring compliance

No need to waste time creating spreadsheets or configuiring complex data mining software. The Scorecard system does all the hard work for you by automatically collating users results into a visual dashboard.
