How is Speech Analytics Priced?

Davikers' Speech Analytics pricing is generated from 2 key areas:

1. Licensing

Licensing is based on an advisor/employee whose calls you want to perform Speech Analytics on. This licensing is normally a per user per month cost but can be done as a perpetual license if required.

Sliding Scale for SaaS Licensing

Number of Users	12 Month Term	24 Month Term
<100	£60	£70
101-150	£55	£60
151-200	£50	£57
200-300	£40	£52
300+	Available upon Request	Available Upon Request

Above pricing includes 24/7 support cost and all features, cost per user can be reduced if not all features and functionality are required.

Perpetual License Costs available upon Request

2. Professional Services

Daviker offer a range of professional services from Consultancy, Project Management and Installation to Integration and Training. Daviker will provide bespoke configuration to ensure that you get the maximum return on your investment

Professional Service Cost

Type of Service	Cost per Day
Consultancy	£795
Project Management	£795]
Installation	£795
Integration	£1250
Training	£795
