1 Pricing

The price bands quoted below are for single organisations, where a purchasing organisation offers a service to multiple organisations or multiple organisations purchase together the savings are shown in the discounting table.

Pricing Table

Product Name	LA/ CCG Users	Software Charge	Hosting cost	Total Cost		Discount Options
LD small	upto 5 users	7500	4000	11500		Multiple Products
LD Medium	upto 10 users	15000	6000	21000		Multiple Products
LD Large	upto 15 users	22500	8000	30500		Multiple Products

Purchasers select a CHC product configuration that meets their needs, for example a purchaser may choose to select the Medium product. This provides the purchaser with a maximum of 10 user licenses.

Where users require additional licenses, they would move to the next product band. If the requirement exceeds 15 users the cost will be 1400 for every user in excess of 15 users.

A User is defined as an employee of a CCG responsible for managing the care of patients.

Discounts

Multiple Organisations - As agreed by both parties

Multiple Product Discount - Purchasers opting to buy a number of Care Banking products will be entitled to a discount on hosting costs. Assuming a comparable product is procured a 50 % discount on the combined hosting costs will be applied.

A further 10 % discount will be applied to the total annual cost if three or more products are purchased.
