- 14.7 The Statement of Works may be terminated by either Party (the **“Terminating Party”**) immediately by giving written notice to the other Party if:
- 14.7.1 the other Party suspends or threatens to suspend payment of its debts or is unable to pay its debts as they fall due or, being a company or a limited liability partnership, is deemed unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986 or, being a natural person, is deemed either to be unable to pay its debts or to have no reasonable prospect of so doing, in either case within the meaning of section 268 of the Insolvency Act 1986 or (being a partnership) has any partner to whom any of the foregoing applies;

 - 14.7.9 the other Party ceases (or threatens to cease) for any reason to carry on all or a substantial part of its business or takes or suffers any similar action which in the opinion of the Terminating Party means that the other Party may be unable to pay its debts.

- 18.3 To prove the giving of a notice it will be sufficient to show it was sent in accordance with Clause 18.1.

- 19.2 If any invalid, unenforceable or illegal provision would be valid, enforceable or legal if some part of it were deleted, the provision shall apply with whatever modification is necessary to give effect to the commercial intention of the Parties.

20. Waiver

- 20.1 No failure to exercise or delay in exercising a right or remedy under a Statement of Works or otherwise in law will constitute grounds from which to infer that the Party so delaying or failing has waived or elected to abandon that right or remedy in respect of any circumstances or events, past, present and/or future.
- 20.2 No single or partial exercise of any right or remedy under a Statement of Works or in law will preclude or restrict the further exercise of that right or remedy.

21. Variations

23. Disputes

- 23.1 If a dispute arises out of or in connection with these Conditions and/or a Statement of Works, or the performance, validity or enforceability of either of them (**Dispute**) then the Parties shall follow the procedure set out in this clause:
- 23.1.1 either Party shall give to the other written notice of the Dispute, setting out its nature and full particulars (**Dispute Notice**), together with relevant supporting documents. On service of the Dispute Notice, our Sales Director and the person identified in the Statement of Works for First Stage Dispute shall attempt in good faith to resolve the Dispute;
- 23.1.2 if the above are for any reason unable to resolve the Dispute within 30 days of service of the Dispute Notice, the Dispute shall be referred to our Sales & Marketing Director and the person identified in the Statement of Works for Second Stage Dispute who shall attempt in good faith to resolve it; and
- 23.1.3 if the above are for any reason unable to resolve the Dispute within 30 days of it being referred to them, the Dispute shall be referred for determination as follows:
- 23.1.3.1 if the dispute is of a technical nature which is related to the provision of the IT Supplies and/or the Project, to an expert (an "**Expert**"), who will act as expert and not as arbitrator, in accordance with Clause 23.2 to Clause 26.5; or
- 23.1.3.2 in all other cases, mediation and/or arbitration in accordance with Clause 23.6 and Clause 26.8.
- 23.2 The Expert will be selected and appointed by agreement of the Parties. If the Parties fail to appoint the Expert within 10 Business Days, the Expert will be chosen and appointed on the instructions of either Party using CEDR Solve who shall appoint an Expert who is suitably qualified and experienced to determine the issue in dispute.
- 23.3 The Expert will be instructed to deliver his or her decision to the Parties in writing within 30 days or such other period as may be agreed in writing of the date on which his or her appointment takes effect.
- 23.4 Each Party will fully comply with any instructions issued by the Expert in accordance with the terms of his or her appointment and otherwise co-operate with the Expert, including by providing him or her with any information in its possession which he or she requests for the purposes of considering the issue in dispute and reaching his or her decision.
- 23.5 Each Party will bear its own costs in relation to the reference to the Expert. The fees and costs of the Expert will be borne by the Parties in whatever proportion he or she decides having regard (amongst other things) to the conduct of the Parties.
- 23.6 If Clause 23.1.3.2 applies and/or the Parties cannot agree that the Dispute is of a technical nature, the Parties shall first seek settlement of the Dispute by mediation in accordance with the LCIA Mediation Rules, which Rules are deemed to be incorporated by reference into this clause.
- 23.7 If the Dispute is not settled by mediation within 30 days of the commencement of the mediation, or such further period as the parties shall agree in writing, the Dispute shall be referred to and finally resolved by arbitration under the LCIA Rules, which Rules are deemed to be incorporated by reference into this clause there shall be one arbitrator and the seat, or legal place, of arbitration shall be England.

- 23.8 The provisions of this Clause 23 do not prevent either Party from applying for an interim court order whilst the Parties attempt to resolve a dispute in accordance with this clause.

24. No joint venture, partnership or agency

A Statement of Works does not and is not intended to create a partnership or joint venture between the Parties to it, nor authorise either Party to act as agent for the other. Except to the extent otherwise agreed expressly in a Statement of Works or otherwise in Writing, neither Party will have authority to act in the name of or on behalf of or otherwise to bind the other Party in any way (including without limitation the making of any representation or warranty, the assumption of any obligation or liability and the exercise of any right or power), nor will they purport to so act or to so bind the other Party.

25. Counterparts

A Statement of Works may be entered into in any number of counterparts and by the Parties on separate counterparts, each of which, when executed and delivered, shall constitute a duplicate original, but all the counterparts together shall together constitute the one agreement.

26. Entire agreement

- 26.1 The Statement of Works and any other documents that may be referred to in it or annexed to it, constitutes the entire agreement between the Parties in relation to its subject matter and supersedes any prior arrangement, understanding or agreement between them in relation thereto.
- 26.2 Each of the Parties acknowledges and agrees that in entering into the Statement of Works and the documents referred to in it or annexed to it, it does not rely on the statement, representation (whether innocent or negligent), assurance or warranty (whether in writing or not) of any person (whether party to this agreement or not) other than as expressly set out in the Statement of Works or those documents.
- 26.2 These Conditions and the Statement of Works are made for the benefit of the Parties to it and (where applicable) their successors and permitted assigns, and is not intended to benefit, or be enforceable by anyone else.

27. Law

- 27.1 These Conditions, the Statement of Works and any dispute or claim arising out of or in connection with them or their subject matter or formation (including without limitation non-contractual disputes or claims) are governed by and construed in accordance with the law of England and Wales.

Introduction

Beginning July 1, 2014 these Online Services Terms (OST) replace the Online Services Use Rights (OLSUR). The OST contains terms that apply to Customer's use of Online Services. Separate terms, including different privacy and security terms, govern Customer's use of Non-Microsoft Products (as defined below), as well as other products and services from Microsoft.

Most Online Services offer a Service Level Agreement (SLA). For more information regarding the Online Services SLAs, please refer to <http://microsoft.com/licensing/contracts>.

Prior Versions

The OST provides terms for Online Services that are currently available. For earlier versions Customer may refer to <http://go.microsoft.com/?linkid=9840733> or contact its reseller or Microsoft Account Manager.

General Terms

Customer may use the Online Services and related software as expressly permitted in Customer's volume licensing agreement. Microsoft reserves all other rights. Customer must acquire and assign the appropriate subscription licenses required for its use of each Online Service. Each user that accesses the Online Service must be assigned a User SL or access the Online Service only through a device that has been assigned a Device SL, unless specified otherwise in the [Online Service-specific Terms, Attachment 2](#) describes SL Suites that also fulfill requirements for User SLs. Customer has no right to use an Online Service after the SL for that Online Service ends.

Definitions

If any of the terms below are not defined in Customer's volume licensing agreement, they have the definitions below.

"Customer Data" means all data, including all text, sound, video, or image files, and software, that are provided to Microsoft by, or on behalf of, Customer through use of the Online Service.

"External User" means a user of an Online Service that is not an employee, onsite contractor, or onsite agent of Customer or its Affiliates.

"Instance" means an image of software that is created by executing the software's setup or install procedure or by duplicating such an image.

"Licensed Device" means the single physical hardware system to which a license is assigned. For purposes of this definition, a hardware partition or blade is considered to be a separate device.

"Non-Microsoft Product" means any third-party-branded software, data, service, website or product, unless incorporated by Microsoft in an Online Service.

"Online Service" means a Microsoft-hosted service to which Customer subscribes under a Microsoft volume licensing agreement, including any service identified in the Online Services section of the Product Terms. It does not include software and services provided under separate license terms (such as via gallery, marketplace, console, or dialog). The Product Terms is located at <http://go.microsoft.com/?linkid=9839207>.

"Operating System Environment" (OSE) means all or part of an operating system Instance, or all or part of a virtual (or otherwise emulated) operating system Instance, that enables separate machine identity (primary computer name or similar unique identifier) or separate administrative rights, and Instances of applications, if any, configured to run on all or part of that operating system Instance. There are two types of OSEs, physical and virtual. A physical hardware system can have one physical OSE and/or one or more virtual OSEs. The operating system Instance used to run hardware virtualization software or to provide hardware virtualization services is considered part of the physical OSE.

"SL" means subscription license.

Online Services Terms Updates

When Customer renews or purchases a new subscription to an Online Service, the then-current OST will apply and will not change during Customer's subscription for that Online Service. When Microsoft introduces features, supplements or related software that are new (i.e., that were not previously included with the subscription), Microsoft may provide terms or make updates to the OST that apply to Customer's use of those new features, supplements or related software.

Online Services Changes and Availability

Microsoft may make commercially reasonable changes to each Online Service from time to time. Microsoft may terminate an Online Service in any country where Microsoft is subject to a government regulation, obligation or other requirement that is not generally applicable to businesses operating there. Availability, functionality, and language versions for each Online Service may vary by country. For information on availability, Customer may refer to www.microsoft.com/online/international-availability.aspx.

Data Retention

At all times during the term of Customer's subscription, Customer will have the ability to access and extract Customer Data stored in each Online Service. Except for free trials, Microsoft will retain Customer Data stored in the Online Service in a limited function account for 90 days after expiration or termination of Customer's subscription so that Customer may extract the data. After the 90-day retention period ends, Microsoft will disable Customer's account and delete the Customer Data.

The Online Service may not support retention or extraction of software provided by Customer. Microsoft has no liability for the deletion of Customer Data as described in this section.

Use of Software with the Online Service

Customer may need to install certain Microsoft software in order to use the Online Service. If so, the following terms apply:

Microsoft Software License Terms

[Table of Contents](#)[Introduction](#)[General Terms](#)[Privacy and Security Terms](#)[Online Service – specific Terms](#)[Attachments](#)

Customer may install and use the software only for use with the Online Service. The [Online Service-specific Terms](#) may limit the number of copies of the software Customer may use or the number of devices on which Customer may use it. Customer's right to use the software begins when the Online Service is activated and ends when Customer's right to use the Online Service ends. Customer must uninstall the software when Customer's right to use it ends. Microsoft may disable it at that time.

Validation, Automatic Updates, and Collection for Software

Microsoft may automatically check the version of any of its software. Devices on which the software is installed may periodically provide information to enable Microsoft to verify that the software is properly licensed. This information includes the software version, the end user's user account, product ID information, a machine ID, and the internet protocol address of the device. If the software is not properly licensed, its functionality will be affected. Customer may only obtain updates or upgrades for the software from Microsoft or authorized sources. By using the software, Customer consents to the transmission of the information described in this section. Microsoft may recommend or download to Customer's devices updates or supplements to this software, with or without notice. Some Online Services may require, or may be enhanced by, the installation of local software (e.g., agents, device management applications) ("Apps"). The Apps may collect data about the use and performance of the Apps, which may be transmitted to Microsoft and used for the purposes described in this OST for Customer Data.

Third-party Software Components

The software may contain third party software components. Unless otherwise disclosed in that software, Microsoft, not the third party, licenses these components to Customer under Microsoft's license terms and notices.

Non-Microsoft Products

Microsoft may make Non-Microsoft Products available to Customer through Customer's use of the Online Services (such as through a store or gallery, or as search results). If Customer installs or uses any Non-Microsoft Product with an Online Service, Customer may not do so in any way that would subject Microsoft's intellectual property or technology to obligations beyond those expressly included in Customer's volume licensing agreement. For Customer's convenience, Microsoft may include charges for the Non-Microsoft Product as part of Customer's bill for Online Services. Microsoft, however, assumes no responsibility or liability whatsoever for the Non-Microsoft Product. Customer is solely responsible for any Non-Microsoft Product that it installs or uses with an Online Service.

Acceptable Use Policy

Neither Customer, nor those that access an Online Service through Customer, may use an Online Service:

- in a way prohibited by law, regulation, governmental order or decree;
- to violate the rights of others;
- to try to gain unauthorized access to or disrupt any service, device, data, account or network;
- to spam or distribute malware;
- in a way that could harm the Online Service or impair anyone else's use of it; or
- in any application or situation where failure of the Online Service could lead to the death or serious bodily injury of any person, or to severe physical or environmental damage.

Violation of the terms in this section may result in suspension of the Online Service. Microsoft will suspend the Online Service only to the extent reasonably necessary. Unless Microsoft believes an immediate suspension is required, Microsoft will provide reasonable notice before suspending an Online Service.

Technical Limitations

Customer must comply with, and may not work around, any technical limitations in an Online Service that only allow Customer to use it in certain ways. Customer may not download or otherwise remove copies of software or source code from an Online Service except as explicitly authorized.

Compliance with Laws

Microsoft will comply with all laws and regulations applicable to its provision of the Online Services, including security breach notification law. However, Microsoft is not responsible for compliance with any laws or regulations applicable to Customer or Customer's industry that are not generally applicable to information technology service providers. Microsoft does not determine whether Customer Data includes information subject to any specific law or regulation. All Security Incidents are subject to the Security Incident Notification terms below.

Customer must comply with all laws and regulations applicable to its use of Online Services, including laws related to privacy, biometric data, data protection and confidentiality of communications. Customer is responsible for implementing and maintaining privacy protections and security measures for components that Customer provides or controls (such as devices enrolled with Microsoft Intune or within a Microsoft Azure customer's virtual machine or application), and for determining whether the Online Services are appropriate for storage and processing of information subject to any specific law or regulation. Customer is responsible for responding to any request from a third party regarding Customer's use of an Online Service, such as a request to take down content under the U.S. Digital Millennium Copyright Act or other applicable laws.

Import/Export Services

Customer's use of any Import/Export Service is conditioned upon its compliance with all instructions provided by Microsoft regarding the preparation, treatment and shipment of physical media containing its data ("storage media"). Customer is solely responsible for ensuring the storage media and data are provided in compliance with all laws and regulations. Microsoft has no duty with respect to the storage media and no liability for lost, damaged or destroyed storage media. All storage media shipped to Microsoft must be shipped DAP Microsoft DCS Data Center (INCOTERMS 2010). Storage media shipped to Customer will be shipped DAP Customer Dock (INCOTERMS 2010).

Electronic Notices

Microsoft may provide Customer with information and notices about Online Services electronically, including via email, through the portal for the Online Service, or through a web site that Microsoft identifies. Notice is given as of the date it is made available by Microsoft.

License Reassignment

Most, but not all, SLs may be reassigned. Except as permitted in this paragraph or in the [Online Service-specific Terms](#), Customer may not reassign an SL on a short-term basis (i.e., within 90 days of the last assignment). Customer may reassign an SL on a short-term basis to cover a user's absence or the unavailability of a device that is out of service. Reassignment of an SL for any other purpose must be permanent. When Customer reassigns an SL from one device or user to another, Customer must block access and remove any related software from the former device or from the former user's device.

Font Components

While Customer uses an Online Service, Customer may use the fonts installed by that Online Service to display and print content. Customer may only embed fonts in content as permitted by the embedding restrictions in the fonts and temporarily download them to a printer or other output device to print content.

Competitive Benchmarking

If Customer offers a service competitive to an Online Service, by using the Online Service, Customer agrees to waive any restrictions on competitive use and benchmark testing in the terms governing its competitive service. If Customer does not intend to waive such restrictions in its terms of use, Customer is not allowed to use the Online Service.

Multiplexing

Hardware or software that Customer uses to pool connections; reroute information; reduce the number of devices or users that directly access or use the Online Service (or related software); or reduce the number of OSEs, devices or users the Online Service directly manages (sometimes referred to as "multiplexing" or "pooling") does not reduce the number of licenses of any type (including SLs) that Customer needs.

Privacy and Security Terms

This section of the Online Services Terms has two parts:

- General Privacy and Security Terms, which apply to all Online Services; and
- Data Processing Terms, which are additional commitments for certain Online Services.

General Privacy and Security Terms

Scope

The terms in this section apply to all Online Services except Bing Maps Enterprise Platform, Bing Maps Mobile Asset Management Platform, and Microsoft Cognitive Services, which are governed by the privacy and/or security terms referenced below in the applicable [Online Service-specific Terms](#).

Use of Customer Data

Customer Data will be used only to provide Customer the Online Services including purposes compatible with providing those services. Microsoft will not use Customer Data or derive information from it for any advertising or similar commercial purposes. As between the parties, Customer retains all right, title and interest in and to Customer Data. Microsoft acquires no rights in Customer Data, other than the rights Customer grants to Microsoft to provide the Online Services to Customer. This paragraph does not affect Microsoft's rights in software or services Microsoft licenses to Customer.

Disclosure of Customer Data

Microsoft will not disclose Customer Data outside of Microsoft or its controlled subsidiaries and affiliates except (1) as Customer directs, (2) as described in the OST, or (3) as required by law.

Microsoft will not disclose Customer Data to law enforcement unless required by law. If law enforcement contacts Microsoft with a demand for Customer Data, Microsoft will attempt to redirect the law enforcement agency to request that data directly from Customer. If compelled to disclose Customer Data to law enforcement, Microsoft will promptly notify Customer and provide a copy of the demand unless legally prohibited from doing so.

Upon receipt of any other third party request for Customer Data, Microsoft will promptly notify Customer unless prohibited by law. Microsoft will reject the request unless required by law to comply. If the request is valid, Microsoft will attempt to redirect the third party to request the data directly from Customer.

Microsoft will not provide any third party: (a) direct, indirect, blanket or unfettered access to Customer Data; (b) platform encryption keys used to secure Customer Data or the ability to break such encryption; or (c) access to Customer Data if Microsoft is aware that the data is to be used for purposes other than those stated in the third party's request.

In support of the above, Microsoft may provide Customer's basic contact information to the third party.

Educational Institutions

If Customer is an educational agency or institution to which regulations under the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g (FERPA) apply, Microsoft acknowledges that for the purposes of the OST, Microsoft is a "school official" with "legitimate educational interests" in the Customer Data, as those terms have been defined under FERPA and its implementing regulations, and Microsoft agrees to abide by the limitations and requirements imposed by 34 CFR 99.33(a) on school officials.

Customer understands that Microsoft may possess limited or no contact information for Customer's students and students' parents. Consequently, Customer will be responsible for obtaining any parental consent for any end user's use of the Online Service that may be required by applicable law and to convey notification on behalf of Microsoft to students (or, with respect to a student under 18 years of age and not in attendance at a postsecondary institution, to the student's parent) of any judicial order or lawfully-issued subpoena requiring the disclosure of Customer Data in Microsoft's possession as may be required under applicable law.

HIPAA Business Associate

If Customer is a "covered entity" or a "business associate" and includes "protected health information" in Customer Data as those terms are defined in 45 CFR § 160.103, execution of Customer's volume licensing agreement includes execution of the HIPAA Business Associate Agreement ("BAA"), the full text of which identifies the Online Services to which it applies and is available at <http://aka.ms/BAA>. Customer may opt out of the BAA by sending the following information to Microsoft in a written notice (under the terms of the Customer's volume licensing agreement):

- the full legal name of the Customer and any Affiliate that is opting out;
- if Customer has multiple volume licensing agreements, the volume licensing agreement to which the opt out applies.

Security

Microsoft is committed to helping protect the security of Customer's information. Microsoft has implemented and will maintain and follow appropriate technical and organizational measures intended to protect Customer Data against accidental, unauthorized or unlawful access, disclosure, alteration, loss, or destruction.

Security Incident Notification

If Microsoft becomes aware of any unlawful access to any Customer Data stored on Microsoft's equipment or in Microsoft's facilities, or unauthorized access to such equipment or facilities resulting in loss, disclosure, or alteration of Customer Data (each a "Security Incident"), Microsoft will promptly (1) notify Customer of the Security Incident; (2) investigate the Security Incident and provide Customer with detailed information about the Security Incident; and (3) take reasonable steps to mitigate the effects and to minimize any damage resulting from the Security Incident.

Notification(s) of Security Incidents will be delivered to one or more of Customer's administrators by any means Microsoft selects, including via email. It is Customer's sole responsibility to ensure Customer's administrators maintain accurate contact information on each applicable Online Services portal. Microsoft's obligation to report or respond to a Security Incident under this section is not an acknowledgement by Microsoft of any fault or liability with respect to the Security Incident.

Customer must notify Microsoft promptly about any possible misuse of its accounts or authentication credentials or any security incident related to an Online Service.

Location of Data Processing

Except as described elsewhere in the OST, Customer Data that Microsoft processes on Customer's behalf may be transferred to, and stored and processed in, the United States or any other country in which Microsoft or its affiliates or subcontractors maintain facilities. Customer appoints Microsoft to perform any such transfer of Customer Data to any such country and to store and process Customer Data in order to provide the Online Services. Microsoft will abide by the requirements of European Economic Area and Swiss data protection law regarding the collection, use, transfer, retention, and other processing of personal data from the European Economic Area and Switzerland. In addition to Microsoft's commitments under the Standard Contractual Clauses and other model contracts, Microsoft is certified to the EU-U.S. Privacy Shield Framework and the commitments it entails.

Preview Releases

Microsoft may offer preview, beta or other pre-release features, data center locations, and services ("Previews") for optional evaluation. Previews may employ lesser or different privacy and security measures than those typically present in the Online Services. Unless otherwise provided, Previews are not included in the SLA for the corresponding Online Service.

Use of Subcontractors

Microsoft may hire subcontractors to provide services on its behalf. Any such subcontractors will be permitted to obtain Customer Data only to deliver the services Microsoft has retained them to provide and will be prohibited from using Customer Data for any other purpose. Microsoft remains responsible for its subcontractors' compliance with Microsoft's obligations in the OST. Customer has previously consented to Microsoft's transfer of Customer Data to subcontractors as described in the OST.

Data Processing Terms

The Data Processing Terms (DPT) include the terms in this section.

The Data Processing Terms also include the “Standard Contractual Clauses,” pursuant to the European Commission Decision of 5 February 2010 on standard contractual clauses for the transfer of personal data to processors established in third countries under the EU Data Protection Directive.

The Standard Contractual Clauses are in [Attachment 3](#). In addition,

- Execution of the volume licensing agreement includes execution of [Attachment 3](#), which is countersigned by Microsoft Corporation;
- The terms in Customer’s volume licensing agreement, including the DPT, constitute a data processing agreement under which Microsoft is the data processor; and
- The DPT control over any inconsistent or conflicting provision in Customer’s volume licensing agreement and, for each subscription, will remain in full force and effect until all of the related Customer Data is deleted from Microsoft’s systems in accordance with the DPT.

Customer may opt out of the “Standard Contractual Clauses” or the Data Processing Terms in their entirety. To opt out, Customer must send the following information to Microsoft in a written notice (under terms of the Customer’s volume licensing agreement):

- the full legal name of the Customer and any Affiliate that is opting out;
- if Customer has multiple volume licensing agreements, the volume licensing agreement to which the Opt Out applies;
- if opting out of the entire DPT, a statement that Customer (or Affiliate) opts out of the entirety of the Data Processing Terms; and
- if opting out of only the Standard Contractual Clauses, a statement that Customer (or Affiliate) opts out of the Standard Contractual Clauses only.

In countries where regulatory approval is required for use of the Standard Contractual Clauses, the Standard Contractual Clauses cannot be relied upon under European Commission 2010/87/EU (of February 2010) to legitimize export of data from the country, unless Customer has the required regulatory approval.

In the DPT, the term “Online Services” applies only to the services in the table below, excluding any Previews, and “Customer Data” includes only Customer Data that is provided through use of those Online Services.

Online Services	
Microsoft Dynamics 365 Core Services	The following services, each as a standalone service or as included in a Dynamics 365 branded plan or application: Microsoft Dynamics 365 for Customer Service, Microsoft Dynamics 365 for Field Service, Microsoft Dynamics 365 for Project Service Automation, Microsoft Dynamics 365 for Sales, and Microsoft Social Engagement. Microsoft Dynamics 365 Core Services do not include (1) Microsoft Dynamics 365 for Operations or Microsoft Dynamics 365 for Financials; (2) Microsoft Dynamics 365 Services for supported devices or software, which includes but is not limited to Microsoft Dynamics 365 for apps, tablets and/or phones; or (3) except as expressly defined in the licensing terms for the corresponding service, any other separately-branded service made available with or connected to Microsoft Dynamics 365 Core Services.

Microsoft Cloud App Security	The cloud service portion of Microsoft Cloud App Security.
Microsoft Intune Online Services	The cloud service portion of Microsoft Intune such as the Microsoft Intune Add-on Product or a management service provided by Microsoft Intune such as Mobile Device Management for Office 365.
Microsoft Power BI Services	The cloud service portion of Microsoft Power BI offered as a standalone service or as included in an Office 365-branded plan or suite, but excluding data catalog functionality, the Power BI mobile applications, or Power BI Desktop.

Location of Customer Data at Rest

Microsoft will store Customer Data at rest within certain major geographic areas (each, a Geo) as follows:

- **Office 365 Services.** If Customer provisions its tenant in Australia, Canada, the European Union, India, Japan or the United States (each of the foregoing a Geo), Microsoft will store the following Customer Data at rest only within that Geo: (1) Exchange Online mailbox content (e-mail body, calendar entries, and the content of e-mail attachments), (2) SharePoint Online site content and the files stored within that site, and Project Online data, and (3) files uploaded to OneDrive for Business.
- **Microsoft Intune Online Services.** When Customer provisions a tenant account, Customer selects an available Geo where Customer Data at rest will be stored. Microsoft will not transfer the Customer Data outside of Customer's selected Geo except as noted in the "Data Location" section of the Microsoft Intune Trust Center.
- **Microsoft Power BI Services.** If Customer provisions its tenant in Australia, Canada, Asia Pacific, India, Japan, the European Union, United Kingdom, or the United States, Microsoft will store Microsoft Power BI Customer Data at rest only within that Geo, except as noted in the data location section of the Microsoft Power BI Trust Center.
- **Microsoft Azure Core Services.** If Customer configures a particular service to be deployed within a Geo then, for that service, Microsoft will store Customer Data at rest within the specified Geo. Certain services may not enable Customer to configure deployment in a particular Geo or outside the United States and may store backups in other locations, as detailed in the Microsoft Azure Trust Center (which Microsoft may update from time to time, but Microsoft will not add exceptions for existing Services in general release).
- **Microsoft Cloud App Security.** Microsoft will store Customer Data at rest in the United States.
- **Microsoft Dynamics 365 Core Services.** Except for Microsoft Social Engagement, if Customer provisions its instance of Microsoft Dynamics 365 Core Services in Australia, the European Union, India, Japan, the United Kingdom or the United States, Microsoft will store Customer Data at rest within the specified Geo. Certain entities may not be configured to be stored in any particular Geo and may be stored at rest in other locations as detailed in the Microsoft Dynamics 365 Trust Center.

Microsoft does not control or limit the regions from which Customer or Customer's end users may access or move Customer Data.

Privacy

- **Customer Data Deletion or Return.** No more than 180 days after expiration or termination of Customer's use of an Online Service, Microsoft will disable the account and delete Customer Data from the account.
- **Transfer of Customer Data.** Unless Customer has opted out of the Standard Contractual Clauses, all transfers of Customer Data out of the European Union, European Economic Area, and Switzerland shall be governed by the Standard Contractual Clauses. Microsoft will abide by the requirements of European Economic Area and Swiss data protection law regarding the collection, use, transfer, retention, and other processing of personal data from the European Economic Area and Switzerland.
- **Microsoft Personnel.** Microsoft personnel will not process Customer Data without authorization from Customer. Microsoft personnel are obligated to maintain the security and secrecy of any Customer Data as provided in the DPT and this obligation continues even after their engagements end.
- **Subcontractor Transfer.** Microsoft may hire subcontractors to provide certain limited or ancillary services on its behalf. Any subcontractors to whom Microsoft transfers Customer Data, even those used for storage purposes, will have entered into written agreements with Microsoft that are no less protective than the DPT. Customer has previously consented to Microsoft's transfer of Customer Data to subcontractors as described in the DPT. Except as set forth in the DPT, or as Customer may otherwise authorize, Microsoft will not transfer to any third party (not even for storage purposes) personal data Customer provides to Microsoft through the use of the Online Services. Microsoft provides a website that lists subcontractors authorized to access Customer Data in the Online Services as well as the limited or ancillary services they provide. At least 6 months before authorizing any new subcontractor to access Customer Data, Microsoft will update the website and provide Customer with a mechanism to obtain notice of that update. If Customer does not approve of a new subcontractor, then Customer may terminate the affected Online Service without penalty by providing, before the end of the notice period, written notice of termination that includes an explanation of the grounds for non-approval. If the affected Online Service is part of a suite (or similar single purchase of services), then any termination will apply to the entire suite. After termination, Microsoft will remove payment obligations for the terminated Online Services from subsequent Customer invoices.

Additional European Terms.

These Additional European Terms apply only if Customer has end users in the European Economic Area ("EEA") or Switzerland.

- **End Users in EEA or Switzerland.** Terms used in the DPT that are not specifically defined will have the meaning in Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data (the "EU Data Protection Directive").
- **Intent of the Parties.** For the Online Services, Microsoft is a data processor (or sub-processor) acting on Customer's behalf. As data processor (or sub-processor), Microsoft will only act upon Customer's instructions. The OST and Customer's volume licensing agreement (including the terms and conditions incorporated by reference therein), along with Customer's use and configuration of features in the Online Services, are Customer's complete and final instructions to Microsoft for the processing of Customer Data. Any additional or alternate instructions must be agreed to according to the process for amending Customer's volume licensing agreement.

- **Duration and Object of Data Processing.** The duration of data processing shall be for the term designated under Customer's volume licensing agreement. The objective of the data processing is the performance of the Online Services.
- **Scope and Purpose of Data Processing.** The scope and purpose of processing of Customer Data, including any personal data included in the Customer Data, is described in the DPT and Customer's volume licensing agreement.
- **Customer Data Access.** For the term designated under Customer's volume licensing agreement Microsoft will, at its election and as necessary under applicable law implementing Article 12(b) of the EU Data Protection Directive, either: (1) provide Customer with the ability to correct, delete, or block Customer Data, or (2) make such corrections, deletions, or blockages on Customer's behalf.

Security

- **General Practices.** Microsoft has implemented and will maintain and follow for the Online Services the following security measures, which, in conjunction with the security commitments in the OST, are Microsoft's only responsibility with respect to the security of Customer Data.

***Current scope is detailed in the audit report and summarized in the Microsoft Azure Trust Center.*

Microsoft may add industry or government standards at any time. Microsoft will not eliminate a standard or framework in the table above, unless it is no longer used in the industry and it is replaced with a successor (if any). Azure Government Services meet a separate set of control standards and frameworks, as detailed on the Microsoft Azure Trust Center.

Subject to non-disclosure obligations, Microsoft will make each Information Security Policy available to Customer, along with other information reasonably requested by Customer regarding Microsoft security practices and policies.

Customer is solely responsible for reviewing each Information Security Policy and making an independent determination as to whether it meets Customer's requirements.

If the Standard Contractual Clauses apply, then this section is in addition to Clause 5 paragraph f and Clause 12 paragraph 2 of the Standard Contractual Clauses.

Microsoft Audits of Online Services

For each Online Service, Microsoft will conduct audits of the security of the computers, computing environment and physical data centers that it uses in processing Customer Data (including personal data), as follows:

- Where a standard or framework provides for audits, an audit of such control standard or framework will be initiated at least annually for each Online Service.
- Each audit will be performed according to the standards and rules of the regulatory or accreditation body for each applicable control standard or framework.
- Each audit will be performed by qualified, independent, third party security auditors at Microsoft's selection and expense.

Each audit will result in the generation of an audit report ("Microsoft Audit Report"), which will be Microsoft's Confidential Information. The Microsoft Audit Report will clearly disclose any material findings by the auditor. If the Standard Contractual Clauses apply, then nothing in this section of the DPT varies or modifies the Standard Contractual Clauses or affects any supervisory authority's or data subject's rights under the Standard Contractual Clauses. Microsoft Corporation is an intended third-party beneficiary of this section.

Professional Services

Customer may be eligible for Microsoft customer support and consulting services related to this Online Service. These services are "Professional Services" under Customer's volume licensing agreement. If Customer's volume licensing agreement covers Online Services only (and does not define Professional Services), then these services are provided subject to the "Professional Services Terms" below.

The Professional Services to which this Notice applies are not Online Services, and the rest of the Online Services Terms, as well as any data processing amendment or HIPAA Business Associate Agreement signed by the parties, do not apply. Any information provided to Microsoft in connection with these Professional Services is protected under the confidentiality terms of Customer's volume licensing agreement.

Additional terms may apply to these Professional Services, but only to the extent those terms don't conflict with this Notice.

Professional Services Terms

Definition

Any services to which this notice applies are defined, collectively, as "Professional Services".

Obligations of the Parties

Microsoft warrants that all Professional Services will be performed with professional care and skill. If Microsoft fails to do so and Customer notifies Microsoft within 90 days of the date of performance, then Microsoft will either re-perform the Professional Services or return the price paid for them as Customer's sole remedy for breach of the Professional Services warranty.

Customer will perform its applicable responsibilities and obligations to support Microsoft's performance of the Professional Services, as specified in the description of each Professional Service.

Limitation of Liability

To the extent permitted by applicable law, each party's total liability for all claims relating to Professional Services will be limited to the amounts Customer was required to pay for the Professional Services or the limitation of liability for the Online Service with which the Professional Services are offered, whichever is greater. **In no event will either party be liable for indirect, incidental, special, punitive, or consequential damages, including loss of use, loss of profits, or interruption of business, however caused or on any theory of liability in relation to the Professional Services. No limitation or exclusions will apply to liability arising out of either party's (1) confidentiality obligations; or (2) violation of the other party's intellectual property rights.**

Fixes

"Fixes" are Product fixes, modifications or enhancements, or their derivatives, that Microsoft either releases generally (such as service packs) or that Microsoft provides to Customer to address a specific issue. Each Fix, is licensed under the same terms as the Product to which it applies. If a Fix is not provided for a specific Product, any use terms Microsoft provides with the Fix will apply.

Pre-Existing Work

"Pre-Existing Work" means any computer code or non-code based written materials developed or otherwise obtained independent of Customer's volume licensing agreement. All rights in Pre-Existing Work shall remain the sole property of the party providing the Pre-Existing Work. Each party may use, reproduce and modify the other party's Pre-Existing Work only as needed to perform obligations related to Professional Services.

Services Deliverables

"Services Deliverables" means any computer code or materials other than Products or Fixes that Microsoft leaves with Customer at the conclusion of Microsoft's performance of Professional Services. Microsoft grants Customer a non-exclusive, non-transferable, perpetual license to reproduce, use, and modify the Services Deliverables solely for Customer's internal business purposes, subject to the terms and conditions in Customer's volume licensing agreement.

Non-Microsoft Technology

Customer is solely responsible for any non-Microsoft software or technology that it installs or uses with the Online Services, Fixes, or Services Deliverables.

Affiliates' Rights

Customer may sublicense the rights to use Services Deliverables to its Affiliates, but Customer's Affiliates may not sublicense these rights. Customer is liable for ensuring its Affiliates' compliance with the terms of this Notice and Customer's volume licensing agreement.

Government Customers.

If Customer is a government entity, then the following terms apply to any Professional Services provided at no charge to Customer. Microsoft waives any and all entitlement to compensation from Customer for the Professional Services. In compliance with applicable laws and regulations, Microsoft and Customer acknowledge that the Professional Services are for the sole benefit and use of Customer and not provided for the personal use or benefit of any individual government employee.

Attachment 3 – The Standard Contractual Clauses (Processors)

For the purposes of Article 26(2) of Directive 95/46/EC for the transfer of personal data to processors established in third countries which do not ensure an adequate level of data protection, Customer (as data exporter) and Microsoft Corporation (as data importer, whose signature appears below), each a “party,” together “the parties,” have agreed on the following Contractual Clauses (the “Clauses” or “Standard Contractual Clauses”) in order to adduce adequate safeguards with respect to the protection of privacy and fundamental rights and freedoms of individuals for the transfer by the data exporter to the data importer of the personal data specified in Appendix 1.

Clause 1: Definitions

(a) 'personal data', 'special categories of data', 'process/processing', 'controller', 'processor', 'data subject' and 'supervisory authority' shall have the same meaning as in Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data;

(b) 'the data exporter' means the controller who transfers the personal data;

(c) 'the data importer' means the processor who agrees to receive from the data exporter personal data intended for processing on his behalf after the transfer in accordance with his instructions and the terms of the Clauses and who is not subject to a third country's system ensuring adequate protection within the meaning of Article 25(1) of Directive 95/46/EC;

(d) 'the subprocessor' means any processor engaged by the data importer or by any other subprocessor of the data importer who agrees to receive from the data importer or from any other subprocessor of the data importer personal data exclusively intended for processing activities to be carried out on behalf of the data exporter after the transfer in accordance with his instructions, the terms of the Clauses and the terms of the written subcontract;

(e) 'the applicable data protection law' means the legislation protecting the fundamental rights and freedoms of individuals and, in particular, their right to privacy with respect to the processing of personal data applicable to a data controller in the Member State in which the data exporter is established;

(f) 'technical and organisational security measures' means those measures aimed at protecting personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing.

Clause 2: Details of the transfer

The details of the transfer and in particular the special categories of personal data where applicable are specified in Appendix 1 below which forms an integral part of the Clauses.

Clause 3: Third-party beneficiary clause

1. The data subject can enforce against the data exporter this Clause, Clause 4(b) to (i), Clause 5(a) to (e), and (g) to (j), Clause 6(1) and (2), Clause 7, Clause 8(2), and Clauses 9 to 12 as third-party beneficiary.

2. The data subject can enforce against the data importer this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where the data exporter has factually disappeared or has ceased to exist in law unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity.

3. The data subject can enforce against the subprocessor this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.

4. The parties do not object to a data subject being represented by an association or other body if the data subject so expressly wishes and if permitted by national law.

Clause 4: Obligations of the data exporter

The data exporter agrees and warrants:

- (a) that the processing, including the transfer itself, of the personal data has been and will continue to be carried out in accordance with the relevant provisions of the applicable data protection law (and, where applicable, has been notified to the relevant authorities of the Member State where the data exporter is established) and does not violate the relevant provisions of that State;
- (b) that it has instructed and throughout the duration of the personal data processing services will instruct the data importer to process the personal data transferred only on the data exporter's behalf and in accordance with the applicable data protection law and the Clauses;
- (c) that the data importer will provide sufficient guarantees in respect of the technical and organisational security measures specified in Appendix 2 below;
- (d) that after assessment of the requirements of the applicable data protection law, the security measures are appropriate to protect personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing, and that these measures ensure a level of security appropriate to the risks presented by the processing and the nature of the data to be protected having regard to the state of the art and the cost of their implementation;
- (e) that it will ensure compliance with the security measures;
- (f) that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;
- (g) to forward any notification received from the data importer or any subprocessor pursuant to Clause 5(b) and Clause 8(3) to the data protection supervisory authority if the data exporter decides to continue the transfer or to lift the suspension;
- (h) to make available to the data subjects upon request a copy of the Clauses, with the exception of Appendix 2, and a summary description of the security measures, as well as a copy of any contract for subprocessing services which has to be made in accordance with the Clauses, unless the Clauses or the contract contain commercial information, in which case it may remove such commercial information;
- (i) that, in the event of subprocessing, the processing activity is carried out in accordance with Clause 11 by a subprocessor providing at least the same level of protection for the personal data and the rights of data subject as the data importer under the Clauses; and
- (j) that it will ensure compliance with Clause 4(a) to (i).

Clause 5: Obligations of the data importer

The data importer agrees and warrants:

- (a) to process the personal data only on behalf of the data exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the data exporter of its inability to comply, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- (b) that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the data exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the data exporter as soon as it is aware, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- (c) that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;
- (d) that it will promptly notify the data exporter about:
 - (i) any legally binding request for disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation,
 - (ii) any accidental or unauthorised access, and
 - (iii) any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;
- (e) to deal promptly and properly with all inquiries from the data exporter relating to its processing of the personal data subject to the transfer and to abide by the advice of the supervisory authority with regard to the processing of the data transferred;

(f) at the request of the data exporter to submit its data processing facilities for audit of the processing activities covered by the Clauses which shall be carried out by the data exporter or an inspection body composed of independent members and in possession of the required professional qualifications bound by a duty of confidentiality, selected by the data exporter, where applicable, in agreement with the supervisory authority;

(g) to make available to the data subject upon request a copy of the Clauses, or any existing contract for subprocessing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is unable to obtain a copy from the data exporter;

(h) that, in the event of subprocessing, it has previously informed the data exporter and obtained its prior written consent;

(i) that the processing services by the subprocessor will be carried out in accordance with Clause 11; and

(j) to send promptly a copy of any subprocessor agreement it concludes under the Clauses to the data exporter.

Clause 6: Liability

1. The parties agree that any data subject who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or subprocessor is entitled to receive compensation from the data exporter for the damage suffered.

2. If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the data exporter, arising out of a breach by the data importer or his subprocessor of any of their obligations referred to in Clause 3 or in Clause 11, because the data exporter has factually disappeared or ceased to exist in law or has become insolvent, the data importer agrees that the data subject may issue a claim against the data importer as if it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity.

The data importer may not rely on a breach by a subprocessor of its obligations in order to avoid its own liabilities.

3. If a data subject is not able to bring a claim against the data exporter or the data importer referred to in paragraphs 1 and 2, arising out of a breach by the subprocessor of any of their obligations referred to in Clause 3 or in Clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the subprocessor agrees that the data subject may issue a claim against the data subprocessor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the subprocessor shall be limited to its own processing operations under the Clauses.

Clause 7: Mediation and jurisdiction

1. The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject:

(a) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;

(b) to refer the dispute to the courts in the Member State in which the data exporter is established.

2. The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

Clause 8: Cooperation with supervisory authorities

1. The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.

2. The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law.

3. The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any subprocessor preventing the conduct of an audit of the data importer, or any subprocessor, pursuant to paragraph 2. In such a case the data exporter shall be entitled to take the measures foreseen in Clause 5 (b).

Clause 9: Governing Law.

The Clauses shall be governed by the law of the Member State in which the data exporter is established.

Clause 10: Variation of the contract

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

Clause 11: Subprocessing

1. The data importer shall not subcontract any of its processing operations performed on behalf of the data exporter under the Clauses without the prior written consent of the data exporter. Where the data importer subcontracts its obligations under the Clauses, with the consent of the data exporter, it shall do so only by way of a written agreement with the subprocessor which imposes the same obligations on the subprocessor as are imposed on the data importer under the Clauses. Where the subprocessor fails to fulfil its data protection obligations under such written agreement the data importer shall remain fully liable to the data exporter for the performance of the subprocessor's obligations under such agreement.
2. The prior written contract between the data importer and the subprocessor shall also provide for a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the data exporter or the data importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
3. The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph 1 shall be governed by the law of the Member State in which the data exporter is established.
4. The data exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the data importer pursuant to Clause 5 (j), which shall be updated at least once a year. The list shall be available to the data exporter's data protection supervisory authority.

Clause 12: Obligation after the termination of personal data processing services

1. The parties agree that on the termination of the provision of data processing services, the data importer and the subprocessor shall, at the choice of the data exporter, return all the personal data transferred and the copies thereof to the data exporter or shall destroy all the personal data and certify to the data exporter that it has done so, unless legislation imposed upon the data importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the data importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.
2. The data importer and the subprocessor warrant that upon request of the data exporter and/or of the supervisory authority, it will submit its data processing facilities for an audit of the measures referred to in paragraph 1.
