

G Cloud 10: Pricing Schedule

Pricing Schedule

Unit based pricing

Pricing for the Software is based on the number of offences processed per annum but with a minimum annual commitment that is payable in advance. The minimum annual commitment is 1,000 offences.

Product	Cost per FPN
StarTraq DOME Environmental Enforcement Solution (up to 2000 uploaded FPNs per annum)	£8.00
StarTraq DOME Environmental Enforcement Solution (2001 - 3000 uploaded FPNs per annum)	£7.00
StarTraq DOME Environmental Enforcement Solution (3001 - 4000 uploaded FPNs per annum)	£6.00
StarTraq DOME Environmental Enforcement Solution (4000+ uploaded FPNs per annum)	£5.00

Set up, configuration and training time will be charged as a one-off cost in accordance with our day rates.

If you require StarTraq to manage the hosting of the DOME on a Microsoft Azure environment an annual hosting fee will be applicable. This is priced at £2,150.00 per annum.

A 25% discount is available on the above prices where an annual commitment of at least 3,000 FPNS is made.

e.g. a customer commits to an annual volume of 5000 FPNS per annum. The charge would be calculated as follows:

2000 @ £8 =	£16,000
1000 @ £7 =	£7,000
1000 @ £6 =	£6,000
1000 @ £5 =	£5,000
Subtotal	£34,000
25% discount	-£8,500
Total due per annum for 5000 FPNS	£25,500

DOME can also be used to process and manage Statutory Notices and Warning Letters. A bundled package of 5000 cases can be supplied for cases that result in warning letters, statutory notices, other notices or no further action. This bundle is priced at £8,000 per annum and can be invoiced monthly in arrears or annually in advance. Should additional cases over and above 5000 per annum be loaded into the system, these will be invoiced monthly in arrears at £1.00 per case. No refund will be made for unused cases.

Mobile Printing

If you need to print a ticket from a Bluetooth printer a 3rd party application is required to print from Android/iOS devices to the mobile printer. A licence is required which will be arranged through StarTraq and the cost for this licence is £60 per device per year, payable in advance.

Supported Bluetooth printers are set out in the service definition document.
