Changes to services will be communicated and documented to all stakeholders. ⁷

6. Service Management

Effective support of in-scope services is a result of maintaining consistent service levels. The following sections provide relevant details on service availability, monitoring of in-scope services and related components.

6.1 Service Availability

Coverage parameters specific to the service(s) covered in this Agreement are as follows:

1. Telephone support via 01493 858768: 8:00 A.M. to 5:00 P.M. Monday - Friday (excluding Bank Holidays)
2. Calls received out of office hours will be forwarded to an answer phone service

4. Emails received outside of office hours will be collected, however no action can be guaranteed until the next working day
5. System Availability: We aim for 99.9% uptime and so far have achieved this. We also have a service level agreement with our data centre providers who also aim for 99.9% uptime.

6.2 Service Requests

In support of services outlined in this Agreement, the Service Provider will respond to service related incidents and/or requests submitted by the Customer following our escalation policy.

- ¹ This involves Empowering-Communities checking the system back-ups, server status and the system error logs.
- ² When an organisation is set up on the Restorative Justice Referral and Management Desk they are asked to provide Empowering-Communities with the details of a person who should be contacted if a subject access request is made to Empowering-Communities. In the event of a subject access request Empowering Communities will contact this person and forward them details of the request. This lead person can then review their organisations information in order to prepare a response to the request.
- ³ Empowering-Communities would not close the incident if they could not contact a Customer. Attempts would be made to contact other 'organisational leads' in order to resolve the problem or incident. The term 'reasonable' availability means at some time between 9am-5pm Monday to Friday.
- ⁴ Empowering-Communities will keep a log that is available for inspection upon request from Scheme and Team leads.
- ⁵ If the Restorative Justice Referral and Management Desk needs to go offline for scheduled maintenance Users will be notified via email and by a message posted at the top of every page on the Restorative Justice Referral and Management Desk at least 1 week in advance.
- ⁶ These refer to very unlikely situations. For example: where an organisation uses the Restorative Justice Referral and Management Desk for areas outside of the SLA District.
- ⁷ We are currently developing a 'Roadmap' section of the Restorative Justice Referral and Management Desk where the users can access to see what is in development. We hope this will be live soon. Minor changes are communicated to all users via email. Major functionality changes are discussed at our user group meetings, where a vote is taken on the decision to implement the change or not.
- ⁸ All employees of Empowering Communities receive the support emails, these inboxes are monitored continuously during 8-5 on a weekday and every few hours on a weekend.
