### **Electronic Referral Portal - Multiple (IGrefer) - pricing**

Services are charged on an annual subscription model to include hosting at a world-class ISO27001 Datacentre, Service management, web application, initial training and SLA based support at £12k + VAT per annum for each subscriber at each of the subscriber's main sites.

There are additional configuration charges for each referral form which also attract additional subscriptions where more than five forms are deployed on the service.

Subscriptions are normally for a minimum period of three years with annual renewals thereafter.
