Meeting Room
Booking Software

Desk Booking
Software

Desk
Screens

Our suite of connected tools integrates meeting room software, desk booking software and elegant, easy-to-use touch screens.

Meeting Room Booking Software

Condeco's integrated suite of meeting room booking solutions enables effortless booking of meeting room spaces

Meeting Room Booking Software

Condeco Meeting Room Booking Software helps to maximize meeting room space, reduce administration time and introduce smarter booking processes into the workplace.

Effortlessly manage reservations and services in one tool

Manage your meetings from your existing Outlook calendar

Offer mobile functionality for on-the-go booking management

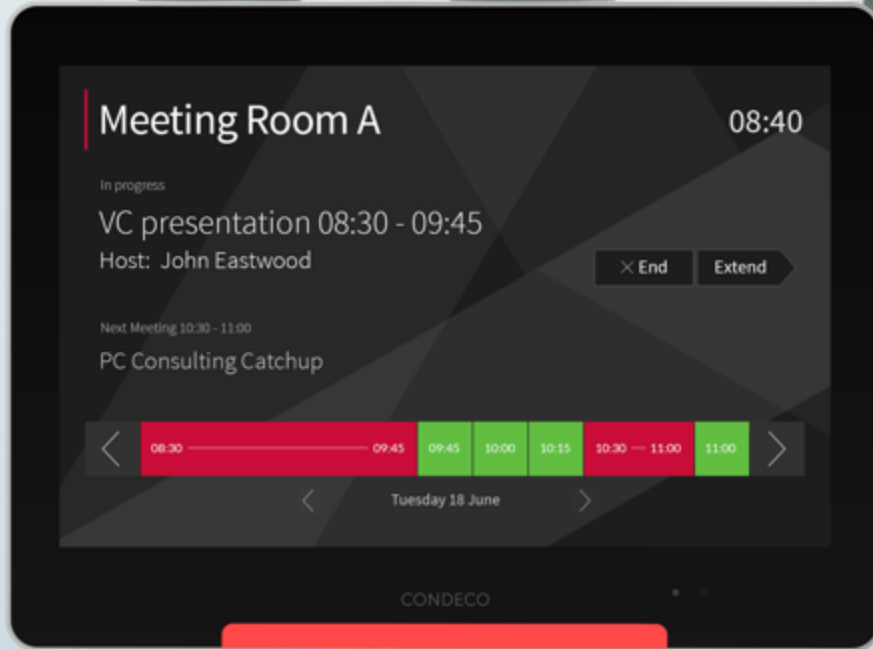

Delight your visitors with a smoother welcome process

Seamlessly integrate video meetings for better communication

Get clear insight into workspace usage and utilization

Meeting Room Screens

With Condeco's beautifully designed touch screens outside your meeting rooms everyone can clearly see if a room is free or booked

Meeting Room Screens

Condeco Room Screens are the perfect addition to your meeting spaces.

Optimize your meeting space and quickly cancel no-shows

See availability from afar with LED status lights

Walk up and book instantly, with easy RFID check-in and check-out

Report on room usage for more informed decisions

Manage and monitor your screens in the Cloud

Sleek design for the modern workplace

CONDECO

Room 2D	←	Customer Meeting	3:00 - 4:00

Condeco Wayfinder

Improve your workspace experience with visible meeting room information and directions in hallways and reception areas

Condeco Wayfinder

The Condeco Wayfinder displays easy-to-read meeting information and provides directions to visitors and meeting attendees.

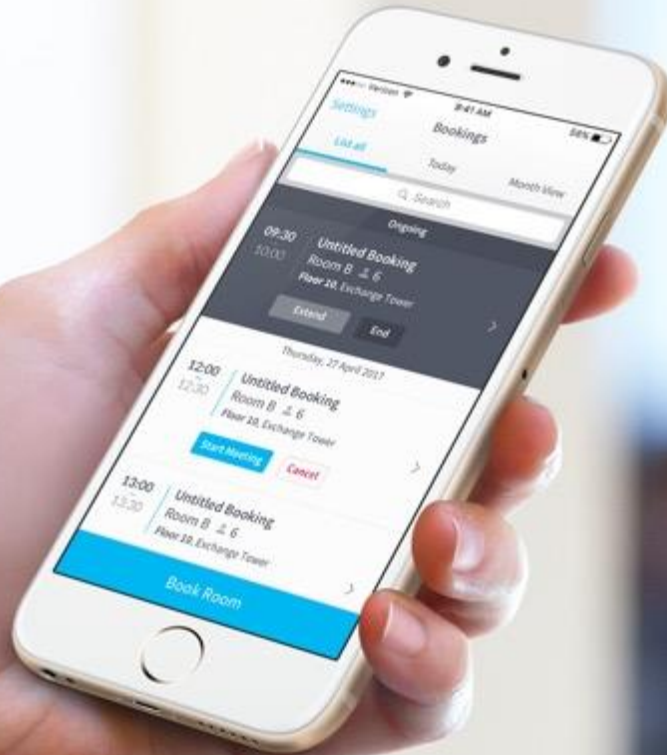

Make it easy for attendees to find their way to the room by showing meeting details and directions on any screen.

Provide a central view of room availability helping people quickly find their way to a free meeting room.

The display can be set up in several ways, run on any large format screen and themed to match your brand.

Mobile booking app

Manage meetings on the move

iOS and Android

Desk Booking Software

Create a more agile work environment and improve space utilization with Condeco Desk Booking software

Desk Booking Software

Maximize your resources, increase the efficiency of your workspace and enable flexibility for your workforce, no matter the size of your office, or how many employees you have.

Enable agile working for everyone

Get a better picture of space usage and enable data-driven design

Improve workplace satisfaction by giving employees more freedom

Go mobile to find and book workspace on the go

Enhance your workspace experience with digital desk screens

Increase workspace efficiency and make better use of space

Desk Booking Screens

Easy to find and book an available desk

Desk Booking Screens

Enhance with Desk Screens

Show desk occupancy status with LED light bar

Easily free up unused desk space

Simple touch in and out with RFID access cards

Versatile mounting options to suit your workplace design

Smart technology that's easy to use for everyone

Insights help you optimize your workspace

CONDECO

Desk booking and check in

Touch anywhere to get started

Desk Booking Kiosk

Enable flexible workspace reservation with the Condeco Kiosk

Desk Booking Kiosk

Enhance with Desk Booking Kiosk

With Find a Colleague, you can easily locate your co-workers in the building

The touch screen kiosk makes it easy to find available desks on a floor plan, manage bookings, check in, or find colleagues

Through a built-in card reader, users can easily identify themselves with their standard RFID access card just by tapping their card

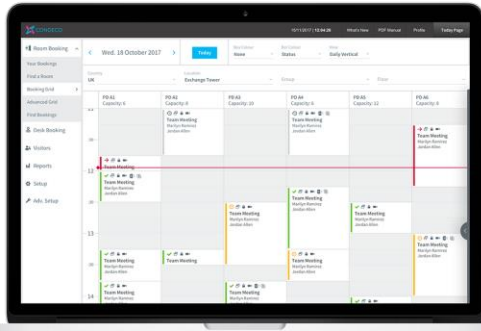

Mobile desk booking app

No more walking around the building in search of a space. Instantly make a reservation on your mobile, with visual floor plans.

CONDECO CLOUD

A software subscription powered by Microsoft Azure.

Cloud Security

Secure keys & BYOK

All keys are stored securely in Azure Vault

Latest security updates

No OS to be patched with Azure & Always on latest security updates in the Condeco

Certified Security

Azure ISO 27001
Condeco ISO 27001
CSA CSTAR Gold
Data processing agreement –
Customer is data owner

Cloud Platform Features & Benefits

Secure keys

All keys are stored securely in AzureVault.

Increased reliability

Azure stores the application and data over a larger surface which increases the reliability of the service as a whole.

Geo redundancy

Data is backed up automatically by Azure so that your data is safe should a disaster happen.

Auto scaling

At peak times, we are able to instantly add more resources so that the application continues to run smoothly even though load is increased.

Auto updates

Clients can opt-in to scheduled updates, so that they can be confident they always have the latest fixes and features.

Integrations

Our new integrations, such as Office365 Sync and Skype for Business, are only available on Condeco Cloud.

Advanced alerts

Live monitoring allows us to react to an issue before a client raises it.

Faster network

Microsoft Azure is underpinned by one of the largest multi-terabit global networks.

Cloud is key to our Roadmap

Biometrics

Facial recognition on devices enabling more seamless authentication process.

Deeper calendar integration

Calendar integration using graph API enabling a higher degree of integration with the system automatically responding to any changes.

Voice UI

Voice enabled interfaces for devices enabling conversational interactions.

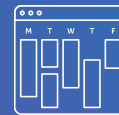

Next gen cloud

Using globally distributed schema-less databases for massively scalable low latency applications.

Machine Learning

Smart space suggestion and allocation leveraging Azure machine learning.

Automatic management

Automatic algorithmic management of bookings.
