EAMS Group Maximo Mobilisation Costs

EAMS Group Maximo SaaS is structured to provide different capabilities for three pre-defined asset and safety management maturity levels. The below pricing is an example based on a 50 user client implementation, all One Time Mobilisation Service pricing will be evaluated based on Client user volumes and requirements.

If a more tailored offering is required, we recommend using our Specialist Cloud Services to determine the best fit for your organisational needs.

| Example 50 User One Time Mobilisation Services | Basic | Advanced | World Class |
|--|----------------|-----------------|-----------------|
| System installation | 1 day included | 2 days included | 3 days included |
| Requirements analysis | £8,500 | £10,625 | £12,750 |
| Data migration/ data load | £17,000 | £21,250 | £25,500 |
| Configuration | £17,000 | £25,500 | £34,000 |
| Integration | £21,250 | £29,750 | £38,250 |
| Reporting | £8,500 | £12,750 | £17,000 |
| Training | £4,250 | £8,500 | £12,750 |
| Go-Live support | £4,250 | £8,500 | £12,750 |
| Total mobilisation costs | £80,750 | £116,875 | £153,000 |

Additional User Support Requirements

Should monthly support hours be exceeded, our SFIA Rate Card applies in proportion to the time taken to resolve rounded up to the nearest 30mins.
