

PRICING SHEET FOR CLIX ENRICH FOR CLINICAL TRIALS

Standard commercial terms

License Term

2 Years

License Fee

There is no license Fee. Use of the solution to support institutional and grant funded trials is permitted by prior agreement with Clinithink on a case by case basis.

Annual Subscription

Clinithink can offer an annual subscription as an alternative on a case by case calculated from the expected mix of trials.

Use of the solution to support commercial clinical research is not permitted except by prior written agreement with Clinithink but there is no charge to the NHS organisation for this, the sponsor pays Clinithink directly. For this use, the licensee may not charge the sponsor for use of the Clinithink solution.

Set up Costs

- £25,000 for Implementation

Annual Support Fee

- £5,000 per year

Exclusions

- The **license fee** does not cover the use of the solution beyond the permitted use as above.
- **Infrastructure cost.** Clinithink will advise the required infrastructure sizing and estimated cost – note this is not provided by Clinithink.

Service Fees

- Standard Implementation Package to install and set up the software and support generation of first ENRICHed List – £10,000 (maximum of 10 days professional services)
- Additional professional service days available at rate of £1,200 per day
