PRICING

A standard corporate licence is £2000 per month (with up to 20 administrative users). Licences are billed annually and include assistance with client onboarding, initial training material and 2 hours of on-site or remote administrator user training plus up to 3 hours per month remote user support. Additional on-site user training in the use of the software is GBP 90 per hour. Additional remote user support or training in the use of the software is GBP 75 per hour (billed per 15min increment).

Additional configuration and other services are to be agreed in advance and provided at the rates shown in the SFIA rate card.
