Examples of pricing at list

DPOrganizer is priced variably depending on the number of employees within your organization. All packages include unlimited users so we've done it this way to make our pricing as transparent as possible.

- All prices are excluding VAT, and applied for 12 months agreement with payment upfront.

Example - A corporate group with 700 employees and 2 Data Controllers :

1st Controller 700 employees = €800 per month
2nd Controller = €100
TOTAL €900 per month

Please note: These are just indicative prices We would very much like to win your business and would be happy to discuss the above with you to get to a point where we could move forward.

DPOrganizer

Other Variables in our Pricing

DPOrganizer for Data Processors

DPOrganizer for data processors allows organisations to map the data they process on behalf of data controllers modelled on the products or services the provide

DPOrganizer for data processors is a separate module for data processors, if purchased singularly it is priced as standard which is outlined in slide 1. If purchased with the controller module it is available at half the cost of first module

DPIA Reporting

Our DPIA functionality is designed to cover all the GDPR requirements of a DPIA. The step-by-step process provides a clear and intuitive workflow, that guides you through the legal complexities.

DPIA Reporting is available as a premium feature at the cost of €100 per month

Please note: These are just indicative prices We would very much like to win your business and would be happy to discuss the above with you to get to a point where we could move forward.
