Melt Content pricing document May 2019

Melt Content Ltd, Unit 508, Metal Box Factory, London, SE1 0HS

Day rate pricing

We use a single rate pricing for all our services.

	Unit price (exc VAT)
Development Web builds, application and database development, hosting and maintenance.	£875
Design User and usability research, testing, wireframing and visual design.	£875
Content Content audits, copywriting services and editing services including multilingual.	£1,000
SEO SEO audits, technical reviews, research and analysis.	£1,000

Discounts

Day rate discounts are available depending on the size and scale of the project and are typically driven by the volume of work, applicable deadlines and available resourcing at the time. Please get in touch to discuss your requirements further.

Data extraction costs

For the duration of the project (including project end) there will be **no data extraction costs**.

Data extraction post project may incur additional costs dependent on the volume and type of data. Estimates can be produced on request but by way of illustration data extraction typically requires half a day to a day of development resource to fulfil (£438-£875).

Not included in the price

All costs as far as can be reasonably expected to deliver our service to you are included in the day rate.

Additional items such as software licences for services we do not already subscribe to or not covered by our licence agreement may be chargeable and will be assessed on a case by case basis.
