Monthly subscription charge

The Subscription Charge to the client for the AAA SMaRT Software Release 9.7 SaaS shall be determined by the number of AAA subjects in each Screening Year, as set out in the table below. The 'Screening Year' is the twelve month period commencing on the date of commencement on the order form and annually thereafter.

The number of AAA subjects in each Screening Year is calculated prior to the start of each year, plus the number of surveillance subjects who already exist in the AAA SMaRT Software Release 9.7 SaaS and will be brought forward into the new screening year.

Number of screening subjects per Screening Year	Per Transaction
10,000 – 400,000	£2.12
Worked example: For a screening programme for 43,000 subjects per year would incur an annual charge of £91,160. This can be charged pro-rata on a monthly basis, based on the number of screenings per month	

Payment is due monthly in advance.
