

CaseLines

Cloud Software and Cloud Support – SFIA Rate Card

G-Cloud 11

CaseLines is evidence management at its best - the award-winning global leader for preparation of legal bundles and electronic presentation of documentary and video evidence in the court room. Our systems hold over 300,000 cases, with over 100 million pages of evidence held securely in the cloud. CaseLines reduces the time and effort required to prepare legal bundles, eliminates the direct and indirect costs of paper and PDF's and allows courtroom presentation of the bundles without the added cost of a courtroom operator. CaseLines now also offers on-demand virtual hearings with no software installation.

Cloud Support, including project management, solutions architecture and design, software development, deployment, testing, training and support services, is available to assist customers with on-boarding, setup and maintenance of the CaseLines Cloud Software through local enhancements and integration to other systems deployed by the customers. These are priced according to the SFIA Rates shown below, for which volume discounts are available.

Standard Rate Card

	Strategy & Architecture	Business Change	Solution Development & Implementation	Service Management	Procurement & Management Support	Client Interface
Follow	290	290	290	290	290	290
