### Pricing

Subscription		Standard	Professional	Enterprise
M-Files Online (per named user)		39	49	69
Additional Object Volume (1M objects)		833.33	833.33	833.33
Additional File Storage (1TB)		25	25	25

Subscription pricing is per month

Pricing is in GBP and excludes any applicable sales taxes

Minimum subscription 25 named users

### Data volumes

M-Files subscriptions includes cloud infrastructure to manage 150,000 data objects per organisation + 10,000 objects per each named user license. Additional object capacity can be purchased in increments of 1M, 10M, 100M, 1B or 10B object packages. Each 10,000 objects include 10GB of storage. Additional storage can be purchased in increments of 1TB.

An example of object types include: documents, document collections, case, customer, project, and assignment. Objects can be created in M-Files or synchronised from multiple external databases and systems, such as CRM and ERP.
