Section 1 Service Overview

1.1 Overview

Incremental Group's proven approach to Cloud Transition Management is tailored to meet the individual requirements of each project. Following industry best practice such as PRINCE2 and ITILv3, our Cloud Transition Management service ensures projects are robustly planned and executed to quickly realise the required outcomes for our customers.

1.2 Features

- Transition of applications and data to cloud infrastructure
- Transition of application support from 3rd parties
- Proven and repeatable cloud transition methodology
- Professional team of experienced Cloud Transition Managers and Service Managers
- Aligned to formal standards e.g. PRINCE2, ISO:9001, ISO:27001 and ITILv3
- Comprehensive risk management of all aspects of transition
- Robust Operational Readiness Assessments
- Transition to Azure, AWS, Citrix, UKCloud and any other cloud
- Transition between data centres and physical to virtual environments
- Hybrid Cloud Transition approach available

1.3 Benefits

- Focus on the delivery of project outcomes for transition
- Smooth transition of services in a risk-controlled environment
- Collaborative and transparent approach throughout the transition
- Access to wider group of technology professionals
- Consideration of digital transformation activities during transition
- Technology agnostic approach to Cloud Transition Management
- Business case and ROI focused Cloud Transition management approach

Section 2 Onboarding and Offboarding

2.1 Onboarding

Key onboarding tasks include:

- Governance model – agreement on the most suitable governance model to meet the requirements of the engagement
- Delivery approach – agreement on whether an agile, waterfall or hybrid approach is best suited to the project
- Elaboration – engagement with suitably empowered individuals from our Customer with whom we can capture functional and non-functional requirements
- Commercial – finalise the commercial terms of the engagement with the Customer including agreement on delivery milestones.

2.2 Offboarding

In the delivery of our services, Incremental Group produces and maintains a fully up-to-date Exit Plan that supports offboarding activity.

Section 3 About Incremental Group

3.1 About Incremental Group

Digital transformation company Incremental was officially launched in 2016. Incremental is dedicated to helping government, not for profit and industry organisations undergo digital transformation, step by step. Incremental is one of the fastest-growing Dynamics partners in the UK.

Incremental is a member of the Microsoft “Inner Circle” of Partners for 2019/2020. The “Inner Circle” accolade is only awarded to the top 1% of Dynamics Partners globally and recognises our breadth and depth of expertise, the qualifications and experience of our staff and the successful deployment of Microsoft Dynamics that allow our customers to digitally transform.

2019/2020 INNERCIRCLE for Microsoft Business Applications

With a proven track record in Microsoft technologies, Incremental holds gold competencies across seven areas, including Cloud Business Applications and Data Analytics.

Microsoft Partner

Microsoft

- **Gold Enterprise Resource Planning**
- **Gold Cloud Business Applications**
- **Gold Application Development**
- **Gold Cloud Productivity**
- **Gold Cloud Platform**
- **Gold Data Analytics**
- **Gold Datacentre**

Incremental Group has three key operational delivery sites, all based in the UK. All sites have a mixture of operations, sales and service. Our locations are as follows:

- Glasgow
- Aberdeen
- Manchester

To support our delivery sites, we also operate a satellite office in London. This office provides us with space to service our customers from a sales perspective. Additionally, we can run training and awareness sessions from this site.
