Babel X®

G-Cloud 12 Cloud Software Services
Pricing

All prices below are for Babel X (among which three tiers are available) and Data Feed options available within Babel X. Babel Synthesis is offered as a stand-alone product.

The price-per-user or price-per-case (for Data Feed OASIS below) is offered at the volume selected at the time of the purchase.

Pricing is offered in annual terms in GBP. Subscriptions and Data Feeds are purchased for an annual period, and no refunds are offered during the subscription period. Payment is in advance.

Additional purchases, to include adding subscriptions or extending the functionality of a subscription, may be made during the subscription period on a coterminous basis. For the avoidance of doubt, any partial month shall be treated as a full month for the purposes of proration.
