RPA – Enterprise A2019 (Add-ons)

The table below illustrates the price for add-ons for the A2019 Enterprise Pack, both on-premise and cloud edition.
All pricing shown is yearly.

PRODUCT	Unit Price (£/annum)	DESCRIPTION
RPA Bot Creator	2,450	For creating Bots. There is no limit to the number of Bots that can be created and stored using Bot Creators.
Control Room	8,100	The Control Room can run up to 1,000 simultaneous devices e.g. 100x Creators + 900x Bots
Bot Runner (Unattended)	4,900	Unattended licences allow automations to run in the background, without a human in the loop, up to 24/7.
Bot Runner (Attended)	1,200	Automation is triggered by and interacts with a human
Bot Insight	840	Bot Insight provides real-time, actionable business intelligence based on process data.

RPA – Enterprise A2019 (Volume Discounts)

The following table illustrates volume-based discounts that are available for the A2019 Enterprise Pack. All pricing shown is yearly.

PRODUCT	QUANTITY/TIER	Unit Price (£/annum)	DESCRIPTION
A2019 Enterprise Bot Runner Attended	1-200	1,275.00	Automation is triggered by and interacts with a human
A2019 Enterprise Bot Runner Attended	201-500	850.00	
A2019 Enterprise Bot Runner Attended	501-1000	680.00	
A2019 Enterprise Bot Runner Attended	1001-2000	553.00	
A2019 Enterprise Bot Runner Unattended	1-50	5,100.00	Unattended licences allow automations to run in the background, without a human in the loop, up to 24/7.
A2019 Enterprise Bot Runner Unattended	51-100	4,590.00	
A2019 Enterprise Bot Runner Unattended	101-200	4,080.00	
A2019 Enterprise Bot Runner Unattended	201-500	3,570.00	

To calculate the cost, multiple the quantity by the unit price e.g. for 80x Unattended licences, the calculation for the price is as follows:

- 50x £5,100, PLUS
- 30x £4,590

IQBOT – Intelligent Automation. Pricing

The following table outlines the pricing for IQBot. Pricing is based on number of pages processed i.e. pages where IQBot extracts relevant data. For example, if an invoice is a 5-page document, but only the 1st page contains data points to be extracted, then only 1 page is charged. All pricing shown is yearly.

PRODUCT	QUANTITY/TIER	Unit Price (£/annum)	DESCRIPTION
AAE IQBot – Documents	Up to 20,000 pages	8,100	An IQBot instance that can process any type of document including PDF's, images (BMP, JPG TIFF)
AAE IQBot – Documents	Up to 250,000 pages	81,000	
AAE IQBot – Documents	Up to 500,000 pages	121,100	
AAE IQBot – Documents	Up to 1,000,000 pages	162,000	
AAE IQBot – Documents	Up to 2,000,000 pages	282,500	
AAE IQBot – Documents	Up to 5,000,000 pages	565,000	

To calculate the cost, multiple the quantity by the unit price e.g. for 300,000 document pages, the calculation for the price is as follows:

- £81,000 x 1 (for up to 250,000 pages), PLUS
- £121,100 * 0.2 (for the next 50,000 pages)
