

Omron Healthcare Hypertension Plus Time-Limited Discounts

As a special offer for CCGs that want to be among the first to benefit from the Hypertension Plus Program, we are offering a time-limited price discount. The product roll-out is supported by OMRON Healthcare, with implementation, training and deployment expertise provided.

For contracts signed before December 31st 2021

	Option A**	Option B	Option C
Number of GP Practices	0-4	5-9	10+
Standard Annual fee per practice	£8,000	£7,000	£5,000
Fee for Year 1	£3,500	£3,375	£3,125
Thereafter, Annual fee per practice	£5,000	£5,000	£5,000
Services Included	Roll out, training and delivery of Hypertension Plus platform IM1 connection to EMIS, SystmOne Implementation and workflow change support to ensure effective roll out*	Roll out, training and delivery of Hypertension Plus platform IM1 connection to EMIS, SystmOne Implementation and workflow change support to ensure effective roll out*	Roll out, training and delivery of Hypertension Plus platform IM1 connection to EMIS, SystmOne Implementation and workflow change support to ensure effective roll out*

Supplementary Notes

*Additional implementation support outside of the standard offer will be subject to charge according to Omron's SFIA rate card

**Option A: Price per practice is based on a standard practice size of 9,000 patients. Practice sizes up to 30% larger than standard (11,700 patients) incur no additional charge. Practices with registered populations greater than 11,700 patients will be charged according to a theoretical 'number of practices' calculated by the following formula: (Practice Population / 11,700)*Fee for Option A
