1) General Information

Introduction to IdentityE2E

IdentityE2E is a specialist SME, with a high calibre, delivery focussed team providing an end-to-end consultancy support service to public sector clients that are planning to deliver new cloud solutions or migrate existing solutions to the cloud.

“IdentityE2E is proud to be working in partnership with the public sector, to identify and deliver real efficiencies and operational savings and benefits for frontline services transitioning to cloud solutions”

- High Quality – We pride ourselves on delivering the highest quality services we possibly can using the latest technological innovations available to the market. We have a proven track record for delivering on our commitments to a high standard, in a timely manner within budget. We work with clients and cloud providers to ensure we are constantly reviewing emerging solutions, services and best practice
- Delivering Value – We always seek to deliver exceptional value and believe our service offerings are highly competitive for the level of experience and expertise we provide. We will seek to reduce costs by using technology to automate and innovate wherever possible and use lean processes to reduce waste.
- Continuously Improve – We believe firmly in the agile manifesto principles of continued attention to technical excellence, measuring performance and adjusting to improve. We will commit to using these principles in how we manage our services to enable increased efficiency and reduced costs.
- Collaboration – We understand the criticality of working in a highly collaborative way to ensure maximum outcome efficiency.

4) Other information

On-boarding arrangements

Ahead of finalising a call off order through G-Cloud for our services, we will engage with the Customer to discuss on-boarding arrangements, including:

- Measurable deliverables and milestones
- Defined outcomes
- Ownership, risks and consequences related to delivery
- Quality criteria
- Security clearance
- IdentityE2E governance, and management of our delivery team including escalation

Pricing

The pricing for this consultancy service is set out in our Pricing Document and SFIA rate card, as an attachment to our G-Cloud service listing. Please note that the day rate will vary according to the SFIA level of the service required.

Subcontractor details

IdentityE2E has a number of strategic partnerships with trusted associates that we work with on a regular basis in order to provide us with increased flexibility and further strengthen the service we can offer to customers. In some cases, we may subcontract some work described in the service description above to one of these partners. However, for the avoidance of doubt, IdentityE2E will at all times remain the prime contractor and manage the work and relationship with the customer.
