

## Health Intelligence Pricing

### Pricing Approach

Unlimited user licences apply for all HI Hub modules that are commissioned. There is no limit on the number of GP Practice users of the HI Hub system or commissioning organisation users or customer authorised local provider users (e.g. the local hospital or community trust). This flexible pricing approach is designed to support unrestricted access (by authorised users) to the HI Hub reporting services.

The only restriction relates to the need to have appropriate information governance arrangements established prior to enabling access.

### Standard Price (£'s)

### Volume Discounts

1. An order volume discount will apply to standard/unit price as detailed below:

0-75	GP Practices – no discount
76-100	GP Practices – 14% discount
101- 250	GP Practices – 19% discount
251-500	GP Practices – 24% discount
>500	GP Practices – 30% discount

For clarity this discount regime will be applied prior to any multiple service discounts.

2. The following multiple service discounts will apply, where a customer commissions additional services (within the initial order) for all their Practices:

**healthintelligence™**

- 2 HI Hub Modules (Services) – 10% discount
- 3 HI Hub Modules (Services) – 15% discount
- 4 HI Hub Modules (Services) – 17% discount
- 5 HI Hub Modules (Services) – 20% discount

3. Where an existing HI Hub Customer commissions additional services (subsequent to the original order) a multiple service discount will still apply at the following rates:

- 1 additional HI Hub Modules (Services) – 7% discount
- 2 additional HI Hub Modules (Services) – 12% discount
- 3 additional HI Hub Modules (Services) – 15% discount
- 4 additional HI Hub Modules (Services) – 17% discount

For clarity this discount regime will be applied in addition to any volume discounts to the price after the volume discount has been applied.
