

Episerver Digital Experience Cloud™ Service - WCM Pricing

Digital Marketing Solutions - Cloud Configurations

Digital Marketing and Content Management Solutions feature Episerver Digital Experience Cloud with built in multi-channel marketing features, page testing, content targeting, and on-page editing. Cloud configurations include the platform, Find, 2 DXH connectors, infrastructure, CDN, and managed services. Configurations vary by (page views/content items/SLA) for one web app. Service prices are monthly, additional capacity is billed as used.
