

## G-Cloud 9 – ROCC UNICLASS Social Housing Repairs - Solution Pricing

### Pricing Schedule

ROCC's cloud based service is based on a price per named user per month (ppupm), on a minimum contract length of 24 months.

Please refer to the Service Definition for details of the core modules and functionality.

Implementation costs vary depending on the detailed requirements of the customer however indicative implementation days have been included based on our experience of previous projects (prices for average and simple projects shown)

Below is example pricing based on the following named user volumes of 20, 50, 100 and 200 named users. Pricing is also available on a per property basis an example of this is also shown. Please contact us to discuss your requirements.
